1. Overview

[The Michigan Center for Adult College Success](#) (hereinafter referred to as "The Center") is seeking proposals from qualified communications and public relations firms to partner with us in elevating our profile as a trusted expert in adult postsecondary education. The Center's mission is to serve as the state's primary resource for research, support and best practices on increasing adult enrollment and completion of postsecondary credentials and degrees.

2. Objectives

The primary objectives of this RFP are to:

- Increase awareness of The Center among key stakeholders, including postsecondary institutions, policymakers, employers, philanthropy, and nonprofits.
- Establish The Center as a leader and trusted expert in the realm of adult postsecondary education.
- Foster dialogue and collaboration around improving adult enrollment and completion rates in Michigan.
- Generate media coverage and enhance The Center's visibility both at the state and national levels.

3. Background

The [Michigan Center for Adult College Success](#), an initiative of [TalentFirst](#), was established in statute to serve as the state's primary resource for research, support and best practices on increasing adult enrollment and completion of postsecondary credentials and degrees. The Center collaborates with postsecondary institutions, employers, policymakers, and nonprofits to develop and implement best practices that increase adult enrollment and completion rates.

Key initiatives include [supporting the Michigan Reconnect Program](#), our [Innovation Investment Awards program](#), providing relevant [research](#), and hosting [design labs](#) for deep learning opportunities. Michigan's unique decentralized postsecondary system resulting in multiple organizations attempting to fill the void of a higher education authority highlights the need for a robust communications strategy to elevate The Center's profile, establish it as a key player in the state's education landscape, and raise awareness among our stakeholders of the opportunities for support and assistance.

4. Scope of Work

The selected firm will be responsible for developing and executing a comprehensive communications and public relations strategy that includes, but is not limited to:

- **Strategic Communications Planning:**
Develop a detailed communications plan that aligns with The Center's goals and objectives, identifying key messages, target audiences, and channels.
- **Media Relations:**

Secure coverage in major Michigan news outlets and key national publications. Facilitate media interviews, press releases, and op-eds to increase visibility.
- **Social Media Management:**
Develop and manage a social media strategy to increase The Center's online presence. Publish regular content, engage with followers, and track metrics to measure effectiveness.
- **Stakeholder Engagement:**
Develop strategies to introduce The Center to a broader group of stakeholders, including policymakers, employers, and postsecondary institutions. Foster meaningful relationships through targeted outreach and personalized communications.
- **Event Support:**
Assist in planning and executing events, webinars, and presentations to showcase The Center's work and engage stakeholders.
- **Content Creation:**
Create compelling content, including newsletters, blogs, case studies, and reports, that communicates The Center's value and expertise.
